

## **NEW \$50 B&W SYSTEM!**

I have been getting your excellent mag for some time now and your information is always the best and the first in print. Until now! One item which you have not written about is the other black and white portable game system. I don't remember its name, but I did see it in a magazine. You, to date, haven't mentioned or rated any other portable system. How about checking it out and updating us on any new info?

***The Supervision has a 2 3/4" B & W screen and sells for \$50!***

*(Ed. There is a new B & W system out as you read this. It is called the Supervision and it is made by Watary. It boasts a 2 3/4" square liquid Crystal display; has a 160 x 160 pixel resolution; a 65C02 custom chip; stereo sound and a TV output (you can't do that on a GameBoy!). Eight games were available at the roll-out of the system with 6 per month to follow. The system will cost about \$50 and the games either \$10 or \$16.)*
