In the Level-Connecting Screen : Press any key to continue the game before the balloon is broken (Within the countdown period).

III. Game Details

1. You have to shoot a certain amount of balloons until you fill the Energy Bar at the bottom left hand corner of the screen.
2. Don't let the balloon touch Danny, or else you will lost him.
3. There are four sizes of balloons: Big, Middle, Small and Tiny. When a balloon is hit, it will split into two smaller balloons. This process carries on until the Tiny balls are hit and disappear.
4. Every time you shoot and hit the balloon, you score 200 points. With every Special Item you collected, you score 500 points also.
5. Danny will get one more life for every 30000 points you score.
6. Even if you get the clock to freeze the balloons in the air, you should not touch them (you can fire at them is ok). Otherwise, Danny will be killed.
