

True or False: You Can Now Run Apple[®] Software in Your IBM[®] PC.

✓ True. Introducing Quadlink by Quadram. The revolutionary enhancement board that turns your IBM Personal Computer into an Apple-compatible system.

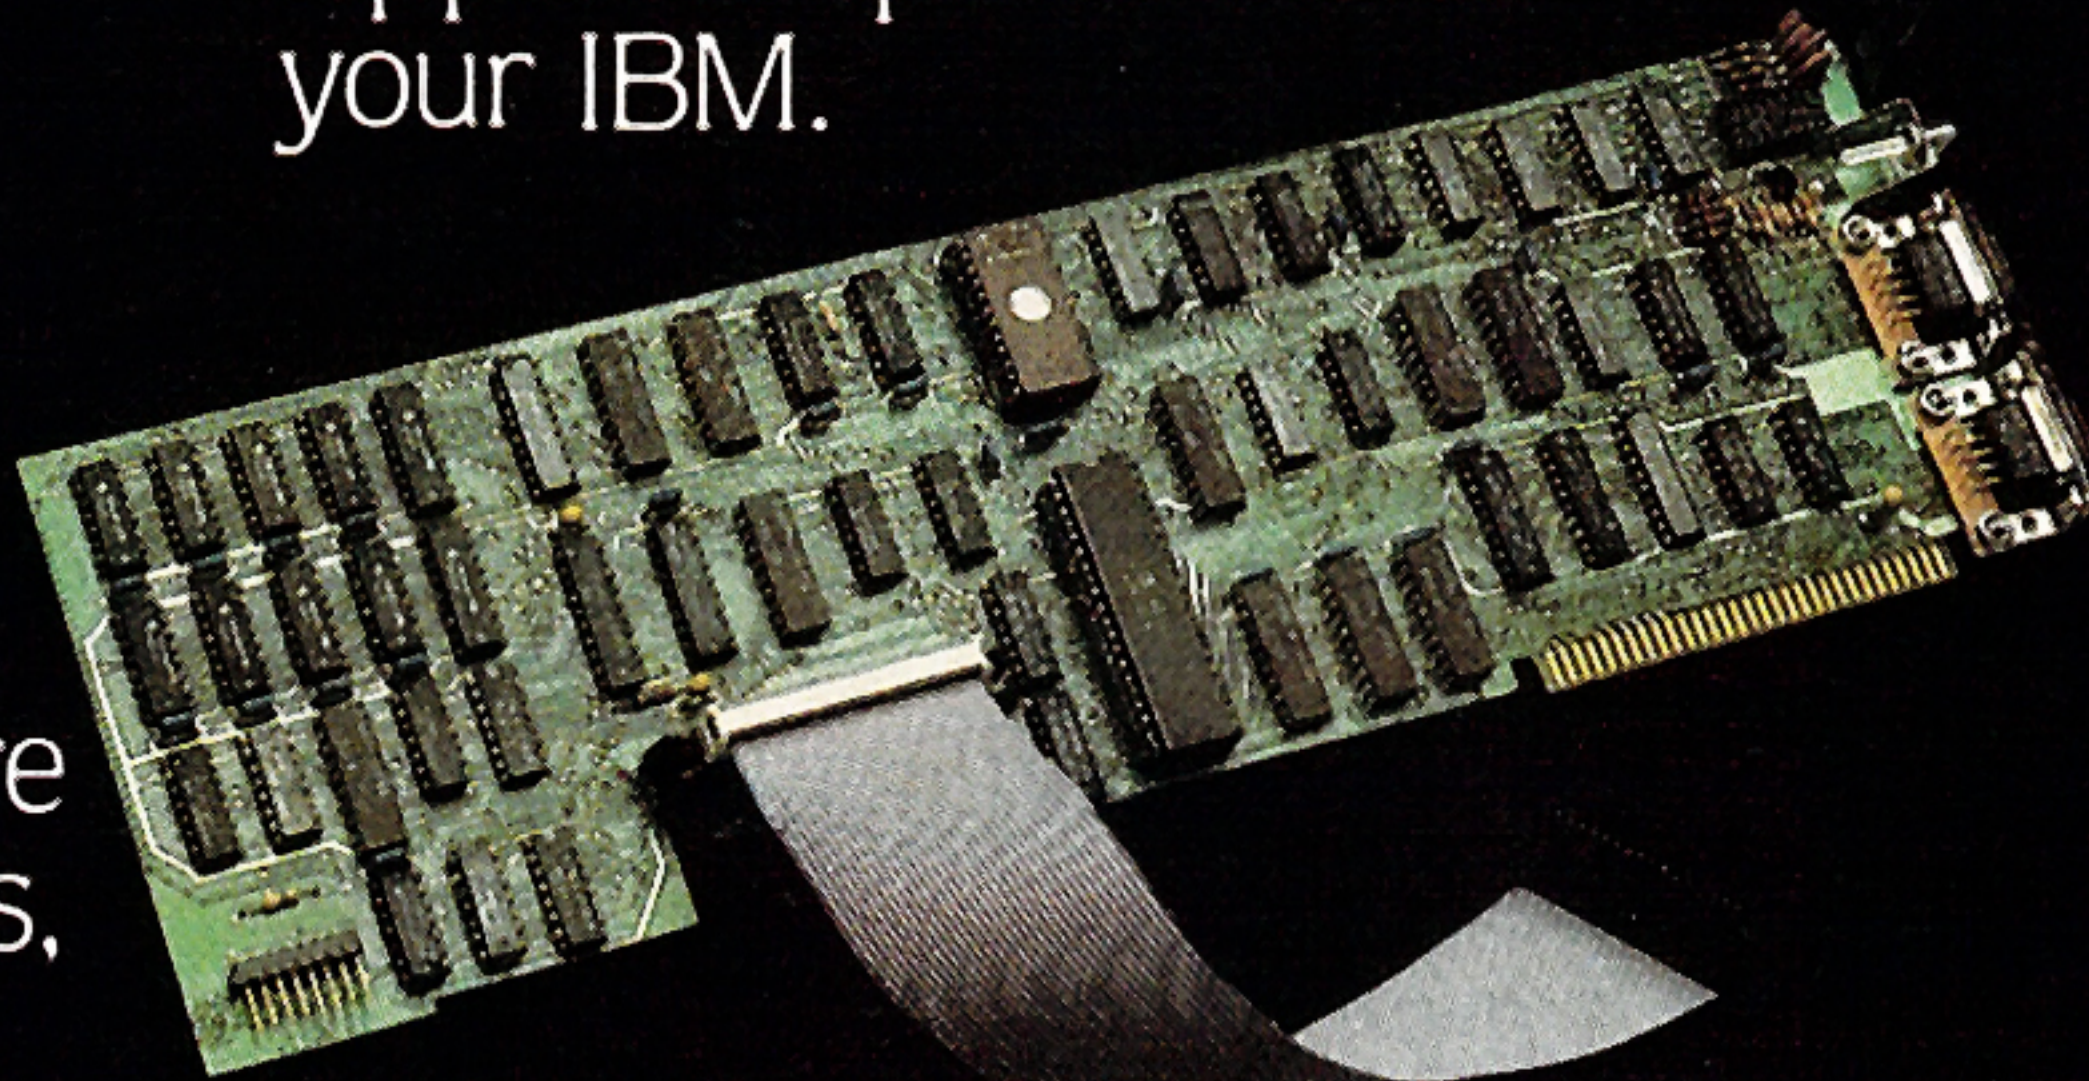

Quadlink. Simply plug it inside your PC, press a few keys, and instantly run most Apple software packages available.

Quadlink greatly enhances your PC's capabilities.

✓ True. Quadlink gives you access to the largest software library ever written. Business, educational, and entertainment packages. Software for any professional or home use. This means your PC can now do more than ever before. In more ways than ever before.

With Quadlink, there's no diskette reformatting needed.

✓ True again. With Quadlink you'll never have to worry about "compatibility." Just put your Apple diskette in the PC drive and watch it go. It's that easy. Like having an Apple computer inside your IBM.

QUADLINK™ BY QUADRAM™

And every Quadlink comes with that traditional Quadram Quality built right in.

✓ Absolutely true.

Quadlink is available at Quadram dealers worldwide.

✓ True. So visit the Quadram dealer nearest you today and ask to see Quadlink in action. And while you're there ask about our full line of IBM PC enhancements. Including the popular six-function Quadboard™. You'll agree: when it comes to quality engineering and dependable performance, Quadram passes the test.
